HAVE YOU HAD STAFF CHANGES?

- Please update the WF NCORP RB (NCORP@wakehealth.edu) if you have personnel changes (additions/subtractions) to your site logs so that we may update REDCap access, Wake NCORP website access and ensure that everyone is trained properly.

STUDY UPDATES:

- **WF 1806 M&M - *Myopenia and Mechanisms of Chemotherapy Toxicity in Older Adults with Colorectal Cancer***
 - **Coming Soon, NEW Amendment 2 – Activation/Release of Amendment 2, Protocol Version Date: 09/01/2019, Release Date: Monday, November 11, 2019.**
 - This study has been amended to include:
 - Spanish translated supporting documents and consent form to allow Spanish speaking participants to enroll to this study.
- The FAQ for this study has been updated (10/28/19) and posted to the WAKE NCORP Website. The new FAQ version includes a question about using a PET/CT scan for imaging.

- **WF 97415 UPBEAT – *Understanding and Predicting Breast Cancer Events after Treatment***
 - **Coming Soon, NEW AMENDMENT 3 – Activation/Release of Amendment 3, Protocol Version Date: 05/01/2019, Release Date: Monday, November 18, 2019.**
 - This is a CIRB approved protocol, those sites using the CIRB are automatically approved but you will still need to follow your local IRB policy on activation of a new CIRB approved amendment.
 - Changes to this amendment include:
 - Transitioning to CTSU-OPEN for patient enrollment.
 - Data will be entered into REDCap directly by local NCORP sites.
 - Addition of Recruitment and Retention Incentives – patients will need to be reconsented in order to inform site Yes/No to receive monthly motivational text messages.
 - Addition of waist circumference
 - Revision of consent forms to comply with the revised 2018 Common Rule that went into effect in January 2019.
 - **Sites Already Participating:**
 - You will not be able to enroll new patients into CCRBIS as of 11/18/19.
 - If you are a site using the CIRB, you will be able to enroll new patients into REDCap on 11/18/19 provided you have turned in your role log with updates on who needs access to REDCap.
 - For those sites using a local IRB and who do not plan to switch to NCI CIRB, continue to submit paper CRFs for patients in follow-up until you receive your local IRB approval and obtain access to REDCap.
 - Make sure you have someone designated in RUMS as a Registrar on the WAKE roster for your site so that they can enroll patients via CTSU-OPEN.
**You will need to turn in an updated Study Site Roles (SSR) Form, so that all necessary staff can be given access to the REDCap database. It is very important that you respond with this form quickly, so that you will have access to REDCap by November 18.

- **WF 1802 PCW *Influence of Primary Treatment for Prostate Cancer on Work Experience***
 - **Coming Soon, NEW Amendment 1 – PCW (WF-1802), Amendment 1, Protocol Version Date 07/22/2019, Release Date: Monday, November 18,2019**
 - This study has been amended to include:
 - Updates to questionnaire branching logic and required updates to CTSU language.
 - Other changes made to the protocol, informed consent and supporting documents are listed on the Summary of Changes document that will be posted to CTSU.
 - The *FAQs* and *Training Attestation* documents are still available on the [WAKENCORP](#) website.

- **WF 30917CD TELEHEALTH – *A Stepped-Care Telehealth Approach to Treat Distress in Rural Cancer Survivors***
 - A site call was held on October 3, 2019. The recording of this call and the slide presentation can be found on the Wake NCORP website. The video is accessible by selecting Dashboard | Videos | Telehealth Site Call – 20191003. The next site call is scheduled for November 21, 2019 at 4:30pm EST.
