NCI Requirement: NCORP Program Site Level Attributes Survey for CCDR Studies

The enrolling affiliate/sub affiliate will complete the NCORP Program Site Level Attributes Survey and submit it to the CTSU Regulatory Office using the Regulatory Submission Portal located in the Regulatory section of the CTSU website. The form will collect various attributes about the enrolling affiliate/sub affiliate. All of the questions on the form must be complete and the distribution for the analytic cases question must equal 100%. (See form for directions). The form must be received and complete for site registration approval in RSS. The NCORP Program Site Level Attributes Survey requirement is submitted once for participation on all NCORP CCDR trials, but will expire two years after it is received. NCORP sites will need to resubmit the NCORP Program Site Level Attributes Survey to the CTSU in order to continue to enroll to CCDR trials. Please refer to your protocol for details about this requirement.

2022 Landscape Assessment

The **2022 Landscape Assessment** is available to all NCORP sites through **June 24th**. We encourage all sites to roster and submit their data as soon as possible. For any questions about rostering or survey submissions, please email us at NCORP@wakehealth.edu. A PDF copy of the survey is available on the [Wake NCORP website](#) under Studies > Landscape > Study Documents & Forms.

Mark Your Calendar: CCDR Workshop

We invite all NCORP CCDR Leads and interested site investigators and staff to

save the date for a half day CCDR workshop led by investigators from the iDAPT: Implementation and Informatics P50 Center. The focus will be on building capacity to participate in implementation science CCDR studies, including information on assessing your practice readiness and engaging stakeholders. The in-person workshop will be immediately following the Wake Forest NCORP Research Base Annual Meeting on the morning of October 12th. Interested participants can email NCORP@wakehealth.edu to indicate their preliminary interest and receive more information when available.

Study Updates

WF-1802 - PCW - Influence of Primary Treatment for Prostate Cancer on Work Experience

The Lower Income AA stratum only has 3 remaining slots available. Please keep this in mind when screening for participants and check the slot reservation report in CTSU-OPEN to see how many slots are available before registering. Try to approach individuals from the lower income white strata that is slowly accruing. The higher income AA strata is also still open. A reminder- the higher income white strata is already closed.

WF-1804CD - AH-HA - Assessing Effectiveness and Implementation of an EHR Tool to Assess Heart Health Among Survivors

WF NCORP RB Staffing Change: Susan Fesperman's last day with the WF NCORP RB will be June 27, 2022. We are pleased to announce that Jessica Sheedy will be taking on this role and is excited to work with the AH-HA staff and sites. Please direct all AH-HA related inquiries to Jessica at NCORP@wakehealth.edu going forward. Please do not use the individual emails of NCORP staff as when they are out of office your message will be delayed in receiving a response.

WF-1805CD - HN-STAR - Implementation and Effectiveness Trial of HN-STAR

We are pleased to announce that we will be offering travel awards to the top two accruing sites between January 19 and July 31, 2022. Each award will cover two nights' accommodations at the Wake Forest NCORP 2022 Annual Meeting in Myrtle Beach, SC at the Marriott Grand Dunes in October.
