

STUDY MATTERS

March 28, 2024

Wake NCORP Website: <https://wakencorp.phs.wakehealth.edu/>

****NEW STUDY NOW OPEN****

WF-2202 - SHINE- Optimizing Psychosocial Intervention for Breast Cancer-related Sexual Morbidity: The Sexual Health and Intimacy Education Trial

Brief Summary

The SHINE trial is designed to develop an internet-delivered sexual health program that can help breast cancer survivors with sexual concerns by studying four different cores (i.e., Sexual Health Essentials, Health Care Discussions, Partner Conversations, and Intimacy Insights) in different combinations. This study is a factorial study and seeks to identify which combination of these four intervention core components produces the greatest benefit with the least intervention burden over a 24-week period.

Study Population

Adult women, status post treatment of Stage 0-III breast cancer, who are currently in an intimate relationship and are experiencing sexual concerns. 320 participants will be randomized (20 randomized into each of the 16 conditions).

Protocol documents are now available on CTSU. Please note that patient surveys are not posted to CTSU, as these are to be directly entered into the REDCap Database.

Introductory webinar and slides are now posted on our website

Click on the link below and open "Site Calls and Webinars"

<https://wakencorp.phs.wakehealth.edu/study/wf2202-shine/>

If your site is interested in participating in this study, please email NCORP@wakehealth.edu with Subject: WF-2202 SHINE

****SURVEY STUDY CLOSING****

**WF-2300CD - CONNECT Survey - Practice Survey for Multi-Site
Community Oncology Planning for the CONNECT Intervention
Targeting Lung Cancer Caregivers**

Caregiver Oncology Needs Evaluation Tool

Survey Study will close April 15, 2024

Thank you to all sites who have participated in the survey so far! **Any sites who have not yet completed their survey(s) must do so by April 15, 2024 at 11:59pm ET.**

If you need the survey link re-sent, please email NCORP@wakehealth.edu.

Wake Forest NCORP Research Base New Investigator Workshop

The Wake Forest NCI Community Oncology Research Program Research Base (WF NCORP RB) New Investigator Workshop was held February 26-28, 2024, at the Graylyn Conference Center in Winston-Salem, NC. This workshop teaches investigators new to NCORP how to develop studies and clinical trials appropriate for this national community oncology network, with continued mentoring from diverse clinical research team perspectives including faculty/staff from the WF NCORP RB and other partners across the NCORP network. Five early career investigators from across the country were competitively selected to participate: **Thomas Curran, MD, MPH** - Medical University of South Carolina, **Pamela Egan, MD** - MaineHealth, **Jamie Faro, MS, PhD** - University of Massachusetts Chan Medical School, **Carrie Miller, PhD, MPH** - Virginia Commonwealth University, and **Erin VanEnkevort, PhD** - Geisinger. Trainees will continue monthly peer mentoring meetings to further study concepts and present updates at the WF NCORP RB Annual Meeting October 21-22, in Myrtle Beach, SC.

*****Save the Date*****

Wake Forest NCORP Research Base Quarterly Call

Wednesday, April 24, 2024 at 3 PM ET

Please check email reminders and Study Matters for schedule changes

Upcoming Site Calls

****Please note that your calendar may not update automatically if changes are made. Please check these emails and our website for meeting updates.****

You can also join site calls from our [Wake NCORP website](#). Click the call in the "Upcoming Events" section on the Home page or through the Calendar. You must be a registered user to join from the website.

If you are having trouble joining a call or have any other issues please email NCORP@wakehealth.edu

WF-2202 - SHINE- Optimizing Psychosocial Intervention for Breast Cancer-related Sexual Morbidity: The Sexual Health and Intimacy Education Trial

April 10, 2:00 PM ET

WF-1806 - M&M- Myopenia and Mechanisms of Chemotherapy Toxicity in Older Adults with Colorectal Cancer

April 23, 2:30-3:00 PM ET

Please email 7NCORP@wakehealth.edu when shipping biospecimen samples to the NCORP Research Base Biospecimens lab (Studies WF-1806, WF-1901, and WF-2201). Include the FEDEX tracking number in your email so that misplaced samples can be tracked before they spoil. Please ship by "FedEx Priority Overnight" (please change this on the pre-printed shipping label if this is not selected).

Study Updates

WF-1804CD - AH-HA- Assessing Efficacy and Implementation of an EHR Tool to Assess Heart Health Among Survivors

Automated Heart-Health Application

****DATA UPDATE****

We are nearing the end of data collection! Please send and or remind participants to complete the 1-Year surveys as soon as possible. Please also complete the 1-Year Medical Record Data Forms as soon as you can. We greatly appreciate all your help!

WF-1805CD - HN-STAR- Implementation and Effectiveness Trial of HN-STAR

Closing to Onboarding

We are anticipating closing this study to new practices soon. All site onboarding activities must be completed by May 1, 2024, as we hope to reach our patient enrollment goal and close the study by this Fall. Please reach out if you have any questions or need any assistance.

Sites with 10 Enrollments

We have had several sites reach the minimum goal of 10 enrollments, and more that are very close. If you haven't already, once your site has reached 10, please be sure to send your Designated Clinicians and Stakeholders their final survey in REDCap so that we can complete interviews.

Please complete the "DC Intro" section for each of your DCs that have enrolled patients and click the "Send Survey" button. For Intervention sites only, you will do the same thing for your Stakeholder(s) under the "SH-Email Trigger" section.

Remember that each site can continue to enroll up to 50 patients. Thanks so much to everyone for all your efforts!

Travel Awards!

We will be presenting two travel awards to our **2024 Wake Forest NCORP RB Annual Meeting** in Myrtle Beach, SC!

- Awards will go to the site with the most enrollments and to the site with the most improved enrollments to the WF-1805 - HN-STAR Study between **February 1 and September 15, 2024**.
- Awards are worth up to **\$1,000 each** to cover travel and hotel expenses at **The Grande Dunes Marriott Resort**

WF-1806 - M&M - Myopenia and Mechanisms of Chemotherapy Toxicity in Older Adults with Colorectal Cancer

Travel Awards!

We will be presenting two travel awards to our **2024 Wake Forest NCORP RB Annual Meeting** in Myrtle Beach, SC!

- Awards will go to the two sites with the most enrollments to the WF-1806 M&M Study between **February 1 and September 15, 2024**.
- Awards are worth up to **\$1,000 each** to cover travel and hotel expenses at **The Grande Dunes Marriott Resort**

WF-1901 – IMPACTS - Internet-delivered Management of Pain Among Cancer Treatment Survivors

Travel Awards!

We will be presenting two travel awards to our **2024 Wake Forest NCORP RB Annual Meeting** in Myrtle Beach, SC!

- Awards will go to the two sites with the most enrollments to the WF-1901 IMPACTS Study between **February 1 and September 15, 2024**.
- Awards are worth up to **\$1,000 each** to cover travel and hotel expenses at **The Grande Dunes Marriott Resort**

WF-2201 - HYPOGRYPHE - Hypofractionated Radiotherapy vs Single Fraction Radiosurgery for Brain Metastasis Patients on Immunotherapy

Travel Awards!

We will be presenting two travel awards for our **2024 Wake Forest NCORP RB Annual Meeting** in Myrtle Beach, SC!

- Awards will go to the two sites with the most enrollments to the WF-2201 HYPOGRYPHE Study between **February 1 and September 15, 2024**.
- Awards are worth up to **\$1,000 each** to cover travel and hotel expenses at **The Grande Dunes Marriott Resort**

Wake Forest NCORP Research Base Website

If you have already registered, please update your roles on the website

We use this information for targeting email communications and surveys

<https://wakencorp.phs.wakehealth.edu/>

Registering for an account will allow you to:

- Join site calls and other meetings from the Upcoming Events or Calendar sections
- Access study training materials
- View previous study meetings
- Download important study documents including training videos, study guides, and neurocognitive CRFs

Once registered, you must update your user profile to sign up for study-specific mailing lists and meeting announcements, indicate your NCORP Community site, add your user roles, and update your GCP for database access.

If you have any questions or need assistance with registration, please email NCORP@wakehealth.edu
