*****REMINDER*****

Current Good Clinical Practice (GCP) certification is required for access to our REDCap database. GCP certification dates in RSS always default to the 1st of the expiration month. If you receive a notice from REDCap about your account expiring this is most likely due to an expiring GCP certification. You can upload new certificates to our website (<https://wakencorp.phs.wakehealth.edu/>) or you can email them to NCORP@wakehealth.edu.

Upcoming Site Calls

If you haven't already added the meeting to your calendar, click the button below the meeting to add it now.

*****Study Complete** Effective 12/31/2023***

We appreciate all sites who participated in this study. The study has now completed

follow-up and data analysis is being reviewed. As soon as the primary manuscript has been published we will inform you and create a brief synopsis in layman's terms based on the published results that you may share with your patients that participated, if you desire.

What's Next?

1. The “complete” status means the protocol has been closed to accrual, all participants have completed therapy, and the study has met its primary objectives.
2. Proceed with closing the study at your site.
3. Hold on to all study documents for 5 years from the date above.

If you have any questions, email NCORP@wakehealth.edu.

WF-1801 - Testing Ramipril to Prevent Memory Loss in People with Glioblastoma

If your site participated in the Ramipril study, please ensure that your staff ceases using the LabCorp account set up for this study. All patients should have completed any necessary blood draws or testing.

We have been receiving several incorrectly charged labs to this account monthly. We cannot close out the account until everything is cleared.

Thank you for your attention to this matter.

WF-1901 - IMPACTS - Internet-delivered Management of Pain Among Cancer Treatment Survivors

SITE CHECK-INS

Site check-ins will resume this month. During this time, we can address any challenges or barriers you may have encountered as well as provide guidance on recruitment and/or eligibility questions you may have. An email will be sent to your site requesting the dates and times that are most convenient for your team. Additionally, if your site is in need of a refresher training for WF-1901 IMPACTS, feel free to reach out to us at NCORP@wakehealth.edu to schedule.
