### **Wake Forest NCORP Research Base Upcoming Holiday Hours**

The Wake Forest Research Base NCORP offices will be **closed** **November 28 & 29** for the Thanksgiving Holiday.

#### **\*\*\*REMINDER\*\*\***

Current Good Clinical Practice (GCP) certification is required for access to our REDCap database. GCP certification dates in RSS always default to the 1st of the expiration month. If you receive a notice from REDCap about your account expiring this is most likely due to an expiring GCP certification. You can upload new certificates to our website (<https://wakencorp.phs.wakehealth.edu/>) or you can email them to [NCORP@wakehealth.edu](mailto:NCORP@wakehealth.edu).

## Increased enrollment target

In an effort to meet our protocol designated goal of 320 randomized participants, we are going to be replacing subjects that came off study before randomization by increasing the current accrual target to **336**. As of 11/21, enrollment is at 309 so please continue to screen and enroll participants. Enrollment will still be limited to racial and ethnic minority participants.

## **(NEW!)WF-1806 – M&M - Myopenia and Mechanisms of Chemotherapy Toxicity in Older Adults with Colorectal Cancer**

### **IMPORTANT REMINDER**

Fed Ex account # for CT scan shipment was changed 7/5/2023. Some sites are still using the old account number resulting in inappropriate charges to UAB. Please refer to your **Helpful Guidelines version 07/05/2023 p.9** for the correct account number. The Helpful Guidelines are available for download from the WF1806-M&M Study page on the Wake NCORP website <https://wakencorp.phs.wakehealth.edu/>. If you have questions please contact us at [ncorp@wakehealth.edu](mailto:ncorp@wakehealth.edu).

### **Onboarding Updates**

- SOTE letters have been sent to all invited sites. Please upload your SOTE letter to CTSU to obtain final IRB approval.
  - Once you have IRB approval, please enroll your practice (each individual CTEP ID that is listed on your SOTE letter separately) into OPEN.
  - Consent and enroll your Practice Staff into OPEN.
  - Wake Forest NCORP RB will enter your Practice ID into REDCap; you will not need to enter the Practice ID for enrollment into OPEN.

### **Training Updates**

- Wake Forest NCORP RB will contact you once your Practices and Practice Staff are enrolled into OPEN to set up your training. The goal is to have all Practices and Practice Staff enrolled by January, 2025 so that we can begin training up to 4-5 practices in each session.
- Practice Staff Training dates will begin in January. Please be sure your Practice (all approved CTEP IDs on your SOTE letter) are registered in OPEN, as well as your Practice Staff. We will begin reaching out to each NCORP to schedule your trainings soon.
- Please contact [NCORP@wakehealth.edu](mailto:NCORP@wakehealth.edu) with any questions.

**Wake Forest NCORP Research Base Website**

**Reminder:** Additional resources, **which are not CIRB approved**, are maintained on our Wake Forest NCORP RB website and **are not available on CTSU**. Note, these resources include a **Helpful Guide** for each study, which provides guidelines for the study team, as well as other study instructions.

**\*Remember to update your profile to include any new studies you may be involved in\***

We use this information for targeting email communications and surveys.
