

STUDY MATTERS

December 4, 2025

Wake NCORP Website: <https://wakencorp.phs.wakehealth.edu/>

Holiday Office Hours

The Wake Forest NCORP Research Base offices will be closed **Thursday, December 25 and Friday, December 26, 2025**. Regular business hours will resume on Monday December 29, 2025.

We will also be closed on **Thursday, January 1, 2026**.

Current Good Clinical Practice (GCP) certification is required for access to our REDCap database. GCP certification dates in RSS always default to the 1st of the expiration month. **If you receive a notice from REDCap about your account expiring this is most likely due to an expiring GCP certification.**

You can upload new certificates to our website (<https://wakencorp.phs.wakehealth.edu/>) or you can email them to NCORP@wfusm.edu.

Upcoming Site Calls

ACTION NEEDED!

To avoid confusion from previous calendar invites, PLEASE USE THE LINKS BELOW and remove old invites from your calendar.

You can also join site calls from our [Wake NCORP website](#). Click the call in the "Upcoming Events" section on the Home page or through the Calendar. You must be a registered user to join from the website.

If you are having trouble joining a call or have any other issues please email NCORP@wfusm.edu

****Please note that your calendar may not update automatically if changes are made at a later date.**

Study Updates

(NEW!) WF-2501CD - PGA - Practical Delivery of Geriatric Assessment in Community Oncology Settings

NEW STUDY ACTIVATED
December 2, 2025

PGA (WF-2501CD) Protocol Version Date 10/27/2025 has been activated.

The WF NCORP Research Base study entitled **Practical Delivery of Geriatric Assessment in Community Oncology Settings (PGA)** has been activated. The protocol and related documents were released on December 2, 2025.

Sites have been invited to participate in this study via a recruitment email to all NCORP Administrators and CCDR Leads with a link to an interest survey. We encourage you to also consider participating in either the pilot or the future randomized trial. If you are selected to participate in this study, you will be notified via email.

WF-2501CD Document Access:

- The protocol documents are available on the [CTSU](#) website.
- The Introductory Webinar is available on the [WAKENCORP](#) Website.

Regulatory requirements to activate this study can be found in the protocol on the CTSU website.

If there are any questions regarding the WF-2501CD activation, please contact NCORP@wfusm.edu; Attn: WF-2501CD

(NEW!)WF-2502CD - STOP-VTE - Surgical Thromboprophylaxis Practice in Oncology Patients within the NCORP Network

NEW STUDY ACTIVATED
December 2, 2025

STOP-VTE (WF-2502CD) Amendment 1, Protocol Version Date 10/17/2025 has been activated.

The WF NCORP Research Base study entitled **Surgical Thromboprophylaxis Practices in Oncology Patients within the NCORP Network (STOP-VTE)** has been activated. The protocol and related documents were released on December 2, 2025.

Sites rostered with WAKE are invited to participate via a Recruitment Email containing a link to an Interest Survey. This email will be sent to NCORP Community Site Administrators and CCDD Leads on the day of the Introductory Webinar on **December 10th**. We ask that these community leaders forward this Recruitment Email to their eligible sites.

WF-2502CD Document Access:

- The protocol documents are available on the [CTSU](#) website.
- The *Helpful Guide* document is available on the [WAKENCORP](#) website.

The Introductory Webinar will be held on **December 10th @ 1:30 PM EST**. Please use the link below to add the webinar to your calendar. A recording of the webinar will be available on the WAKE NCORP Website and CTSU CLASS shortly after.

Regulatory requirements to activate this study can be found in the protocol on the CTSU website.

If there are any questions regarding the WF-2502CD activation, please contact NCORP@wfusm.edu; Attn: WF-2502CD

[Click to add the STOP-VTE Intro Webinar to your Calendar](#)

(NEW!)WF-1804CD - AH-HA - Assessing Effectiveness and Implementation of an EHR Tool to Assess Heart Health Among Survivors

****Study Complete** Effective 11/17/2025**

We appreciate all sites who participated in this study. The study has now completed follow-up and primary data analysis. The primary manuscript has been published in the Journal of Clinical Oncology. (<https://pubmed.ncbi.nlm.nih.gov/39571113/>). A lay summary will be posted to the WAKENCORP website for distribution to your sites and participants.

What's Next?

1. The “complete” status means the protocol has been closed to accrual, all participants have completed intervention, and the study has met its primary objectives.
2. Proceed with closing the study at your site.

Hold on to all study documents for 5 years from the Effective date above.

If you have any questions, email NCORP@wfusm.edu

WF-1901 - IMPACTS - Internet-delivered Management of Pain Among Cancer Treatment Survivors (IMPACTS)

We apologize for the interruption during the site call on 11/12/2025. The call was not canceled; however, it was inadvertently scheduled under an email address prior to our migration, which prevented access. The site call slide deck is now available on the [Wake Forest Research Base website](#). We sincerely apologize for any inconvenience this may have caused and appreciate your understanding, as we know your time is valuable.

We recommend removing all old calendar invites and using the link below to add the updated meeting invite to your calendar. **The next site call is Wednesday, January 12, 2026 at 2:30 PM.**

[Click to add the NEW WF-1901 INVITE to your calendar](#)

WF2304-A172401 - COSMIC - Complementary Options for Symptoms Management in Cancer

The latest Helpful Guide (Version 11.13.2025) is now available on the Wake Forest

NCORP Research Base website. This update reflects the recent amendment, including workflow changes related to consent and updates to gift card contact and reply procedures.

Office Hours: Bi-Weekly Beginning Friday December 5, 2025, 3:00pm-4:00pm

WF-2403 COACH-APP - Building Capacity within the NCORP Network through an Education and Mentorship Intervention for Advanced Practice Providers (COACH-APP)

We are still actively recruiting APPs for this study!

As a reminder, we are looking for Advanced Practice Providers (APPs), including **nurse practitioners (NP) and physician assistances (PA) regardless of their sub-specialty**, employed at NCORP practice providing care to cancer patients potentially eligible for NCORP and/or NCTN trials who are registered as NPIVR within the NCI RCR at time of study enrollment but have not served as a site PI for an NCORP trial.

If you have any APPs interested in participating, please email NCORP@wfusm.edu for more information on how to enroll them to this study!

Recruitment Flyer available for providers:

WF-2403 Building Capacity within the NCORP Network through an Education and Mentorship Intervention for Advanced Practice Providers (COACH-APP)

We are looking for Advanced Practice Providers (APPs):

- Providing care to oncology patients at an NCORP practice that is actively recruiting to NCI sponsored trials.
- Can dedicate approximately 2 hours/month to participate in study activities over a 12-month period.

We will enroll 70 APPs total, half to the COACH-APP Intervention and half to the Education Control.

Only 1 APP allowed per Clinical Practice

We want to compare the change in research self-efficacy scores from baseline to 12 months between APPs in the COACH-APP intervention and APPs in the education control group.

To find out if you are eligible to participate in the COACH-APP study contact: _____

Wake Forest NCORP Research Base Study, supported by the National Cancer Institute (NCI), part of the National Institutes of Health (NIH)

WF-2403 Participant Flyer v.04.14.2025

WF-2301CD- CONNECT - Multi-site Community Oncology Planning for the CONNECT Intervention Targeting Lung Cancer Caregivers

Help us reach the finish line!! We currently have **101** dyads enrolled out of our goal of 120. Per NCI guidance, we need to complete enrollment by the end of December. Please make every effort to screen and enroll as many dyads as possible over the next 4 weeks. We greatly appreciate everyone's hard work on this study! **Remember that each site has a minimum goal of 10 enrollments, but sites are able and encouraged to enroll beyond 10.**

Feel free to reach out to NCORP@wfusm.edu with any questions or challenges you may be facing.

Wake Forest NCORP Research Base Website

Reminder: Additional resources, **which are not CIRB approved**, are maintained on our Wake Forest NCORP RB website and **are not available on CTSU**. Note, these resources include a **Helpful Guide** for each study, which provides guidelines for the study team, as well as other study instructions.

Remember to update your profile to include any new studies you may be involved in

We use this information for targeting email communications and surveys.

<https://wakencorp.phs.wakehealth.edu/>

Registering for an account will allow you to:

- Join site calls and other meetings from the Upcoming Events or Calendar sections
- Access study training materials
- View previous study meetings
- Download important study documents including training videos, study guides, and neurocognitive CRFs

Once registered, you must update your user profile to sign up for study-specific mailing lists and meeting announcements, indicate your NCORP Community site, add your user roles, and update your GCP for database access.

If you have any questions or need assistance with registration, please email NCORP@wfusm.edu.
