

## STUDY MATTERS

---

December 31, 2025

Wake NCORP Website: <https://wakencorp.phs.wakehealth.edu/>

### Holiday Office Hours

The Wake Forest NCORP Research Base offices will be closed **Thursday, January 1, 2026**. Regular business hours will resume on Friday, January 2, 2026.

We will also be closed on **Monday, January 19, 2026**.

---

### Wake Forest NCORP RB Biospecimen Lab Holiday Hours

The Wake Forest NCORP Research Base Biospecimens Lab will be closed **Thursday, January 1, 2026**.

Please **do not ship** samples Wednesday, December 31, 2025 through Sunday, January 4, 2026

---

**Current Good Clinical Practice (GCP) certification is required for access to our REDCap database.** GCP certification dates in RSS always default to the 1st of the expiration month. **If you receive a notice from REDCap about your account expiring this is most likely due to an expiring GCP certification.**

You can upload new certificates to our website (<https://wakencorp.phs.wakehealth.edu/>) or you can email them to [NCORP@wfusm.edu](mailto:NCORP@wfusm.edu).

---

## **Upcoming Site Calls**

**ACTION NEEDED!**

**To avoid confusion from previous calendar invites, PLEASE USE THE LINKS BELOW and remove old invites from your calendar.**

You can also join site calls from our [Wake NCORP website](#). Click the call in the "Upcoming Events" section on the Home page or through the Calendar. You must be a registered user to join from the website.

If you are having trouble joining a call or have any other issues please email [NCORP@wfusm.edu](mailto:NCORP@wfusm.edu)

**\*\*Please note that your calendar may not update automatically if changes are made at a later date.**

**WF2304-A172401 - COSMIC - Complementary Options for Symptom Management In Cancer**

January 12, 2026 at 3:00 PM ET

[Click here to add the WF2304 COSMIC Site Call to your calendar](#)

**WF-2201 - HYPOGRYPHE- Hypofractionated Radiotherapy vs Single Fraction Radiosurgery for Brain Metastasis Patients on Immunotherapy**

January 13, 2026 at 3:00 PM ET

[Click here to add the WF-2201 HYPOGRYPHE Site Call to your calendar](#)

**WF-1901 - IMPACTS- Internet-delivered Management of Pain Among Cancer Treatment Survivors**

January 14, 2026 at 2:30 PM ET

[Click here to add the WF-1901 IMPACTS Site Call to your calendar](#)

**WF-2301CD - CONNECT - Multi-site Community Oncology Planning for the CONNECT Intervention Targeting Lung Cancer Caregivers**

January 15, 2026 at 3:00 PM ET

[Click here to add the WF-2301CD CONNECT Site Call to your calendar](#)

## Study Updates

**(NEW!)WF-2501CD - PGA - Practical Delivery of Geriatric Assessment in Community Oncology Settings**

**WF-2501CD PGA – Recruitment Materials Now Available**

**Aligned with PGA (WF-2501CD) Protocol Version Date 10/27/2025.**

The following recruitment documents were posted to the CTSU website on 12/29/2025.

**Recruitment Flyer (Patient)** – explains the PGA study. Can be posted in exam rooms, given to the participant while in clinic or mailed to the participant. QR code can be scanned to obtain more information about the study on the cancer.gov website.

**SHARE YOUR THOUGHTS**

*On how cancer clinics can better care for older adults using a special check-up called the Practical Geriatric Assessment*

**PGA**  
PRACTICAL GERIATRIC ASSESSMENT

**You are eligible for the interview if you:**

- are **65 years or older** and
- began a new cancer treatment in the last 12 months. This can be chemotherapy, immunotherapy, or targeted therapy.

**OR**

- You cared for a patient who is 65 years or older who began a new cancer treatment in the last 12 months.

**You must be able to understand and speak English.**

**Participants will receive a \$75 gift card for completing the 1 hour interview.**

To learn more scan the QR Code with your smart phone camera or contact us...

This study is a Wake Forest NCI/NIH Research Best Study (R# 201902) supported by public funding from the National Cancer Institute (NCI), part of the National Institutes of Health (NIH).  
R# 201902 v 10.10.2019

**Recruitment Flyer (Provider/Staff)** – explains the PGA study. Can be given to providers by research staff. QR code can be scanned to obtain more information about the study on the cancer.gov website.

**SHARE YOUR THOUGHTS**

Please participate in an interview to share your experiences and perspectives on using the **Practical Geriatric Assessment** in your clinic.

**You are eligible for the interview if you are:**

- An Oncology clinician (MD, DO, APP) and involved in the planning or delivery of new systemic therapies to patients age 65+
- OR
- An Oncology support staff (RN, practice manager, etc.) and work with clinicians who provide systemic therapy, assist office workflows for patients, or help patients age 65+ with referrals

Participants will receive a \$75 gift card for completing the 1 hour virtual interview.

To learn more scan the QR Code with your smart phone camera or contact us...

This study is a Wake Forest NCORP Research Base Study (WF-2402CD) supported by public funding from the National Cancer Institute (NCI), part of the National Institutes of Health. NCI

WF-2501CD v 02.01.2024

Regulatory requirements to activate this study can be found in the protocol on the CTSU website.

If there are any questions regarding the WF-2501CD activation, please contact [NCORP@wfusm.edu](mailto:NCORP@wfusm.edu); Attn: WF-2501CD

---

## **WF-2402CD - CORRECT- Collaborative Oncology between Radiologists and Radiation Oncologists for the Evaluations of Contoured Targets**

Every NCORP Administrator should have received a feasibility survey by email. Please complete these as soon as possible and email [NCORP@wfusm.edu](mailto:NCORP@wfusm.edu) if you would like it resent. Our Sneak Peek Webinar is posted on our website at <https://wakencorp.phs.wakehealth.edu/study/wf2402cd-correct/> under “Site Calls.”

---

**WF-2301CD- CONNECT - Multi-site Community  
Oncology Planning for the CONNECT Intervention  
Targeting Lung Cancer Caregivers**

**\*\*Upcoming Study Closure\*\***

WF-2301CD CONNECT study will be closing to enrollment at 11:59 pm on December 31, 2025. We would like to extend our gratitude to all NCORP community sites that have enrolled to the study. This study has accrued well, and we hope to meet our target of 120. We encourage you to continue screening and enrolling as many dyads as possible through the 31st.

If there are any questions regarding WF-2301CD, we are glad to help. Please contact us at [NCORP@wfusm.edu](mailto:NCORP@wfusm.edu); Attn: WF-2301CD.

---

**WF-1801 - Ramipril - A Single Arm, Pilot Study of  
Ramipril for Preventing Radiation-Induced Cognitive  
Decline un Glioblastoma (GBM) Patients  
Receiving Brain Radiotherapy**

**\*\*Study Complete\*\* Effective 12/08/2025**

We appreciate all sites who participated in this study. The study has now completed follow-up and primary data analysis.

**What's Next?**

1. The “complete” status means the protocol has been closed to accrual, all participants have completed intervention, and the study has met its primary objectives.
2. Proceed with closing the study at your site.

3. Hold on to all study documents for 5 years from the Effective date above.

If you have any questions, email [NCORP@wfusm.edu](mailto:NCORP@wfusm.edu)

---

## **WF-2201 - HYPOGRYPHE- Hypofractionated Radiotherapy vs Single Fraction Radiosurgery for Brain Metastasis Patients on Immunotherapy**

### **Updated and New Coordinator Resources Available!**

The documents listed below have been posted to our Wake NCORP RB website under the **WF-2201 HYPOGRYPHE** study page.

- Updated **Helpful Guide v.12.10.25**. A tracked copy is also available for your reference.
- A new **SRS Treatment Summary Worksheet** to assist with data transcription from treatment delivery software into our REDCap database.

Please download your copy of each of these documents or contact us at [ncorp@wfusm.edu](mailto:ncorp@wfusm.edu) for an emailed copy.

---

## **Wake Forest NCORP Research Base Website**

**Reminder:** Additional resources, **which are not CIRB approved**, are maintained on our Wake Forest NCORP RB website and **are not available on CTSU**. Note, these resources include a **Helpful Guide** for each study, which provides guidelines for the study team, as well as other study instructions.

**\*Remember to update your profile to include any new studies**

## you may be involved in\*

We use this information for targeting email communications and surveys.

<https://wakencorp.phs.wakehealth.edu/>

Registering for an account will allow you to:

- Join site calls and other meetings from the Upcoming Events or Calendar sections
- Access study training materials
- View previous study meetings
- Download important study documents including training videos, study guides, and neurocognitive CRFs

**Once registered, you must update your user profile to sign up for study-specific mailing lists and meeting announcements, indicate your NCORP Community site, add your user roles, and update your GCP for database access.**

If you have any questions or need assistance with registration, please email [NCORP@wfusm.edu](mailto:NCORP@wfusm.edu).
