

STUDY MATTERS

August 13, 2026

Wake NCORP Website: <https://wakencorp.phs.wakehealth.edu/>

[Click here for a "Printer-Friendly" version of this broadcast](#)

If you receive a notice from REDCap about your account expiring this is most likely due to an expiring GCP certification.

You can upload new certificates to our [website](#) or you can email them to NCORP@wfusm.edu.

2026 Wake Forest NCORP Research Base 13th Annual Meeting

**October 12-14, 2026
Marriott Myrtle Beach Resort & Spa at Grande Dunes**

Registration is Now Open!

Last day to reserve a hotel room at the block rate is 9/10/2026

Last day for Meeting registration is 10/7/2026

You must register for the meeting in order to receive the hotel reservation link.

(Once you register, you will be sent a confirmation email including the hotel link)

CLICK HERE to register!

Upcoming Site Calls & Office Hours

Use the links below to add the meeting invitation to your calendar. You can also join site calls from our [Wake NCORP website](#). Click the call in the "Upcoming Events" section on the Home page or through the Calendar. You must be a registered user to join from the website.

If you are having trouble joining a call or have any other issues please email NCORP@wfusm.edu

****Please note that your calendar may not update automatically if changes are made at a later date.**

**WF-2502CD - STOP-VTE - Surgical Thromboprophylaxis Practices
in Oncology Patients Within the NCORP Network**

August 26, 2026 at 2:30 PM ET

[Click here to add the STOP-VTE Site Call to your calendar](#)

**WF-2501CD - PGA - Practical Delivery of Geriatric Assessment in
Community Oncology Settings (PGA) - Part 2 Sites**

September 2, 2026 at 2 PM ET

Study Updates

**(NEW!)WF-1901 - IMPACTS - Internet-delivered
Management of Pain Among Cancer Treatment
Survivors**

****Closed to Enrollment**
Effective July 31, 2026**

Effective July 31, 2026 IMPACTS enrollment was closed.

We extend our sincere gratitude to all investigators, research staff, coordinators, and site teams who screened, approached, consented, and supported participants throughout this study.

Important Reminders

- No new participants should be enrolled.
- Please continue to complete all required follow-up activities and study-related procedures for participants already enrolled.
- Additional guidance regarding closeout activities and participant follow-up will be communicated as needed

****PLEASE NOTE: Office Hours Ending: Transition to Email Based Support****

We will no longer be holding regular IMPACTS Office Hours. For any study-related questions or support needs, please contact us by email.

Thank you for helping us enroll to this important study. Please contact NCORP@wfusm.edu; Attn: **WF-1901** if you have any questions.

(NEW!)WF-2401 - STEPS-BC - Supportive Tailored Exercise Program for Survivors of Breast Cancer (STEPS-BC)

Looking for sites to join us!

Study Population: Stage I-III breast cancer patients (18-85 years old) scheduled to receive cytotoxic chemotherapy.

This study is the **first home-based** nationwide primary prevention clinical trial initiating activity and social interaction **prior to administration** of cancer treatment.

It is designed to **reduce exercise intolerance and fatigue** in survivors treated for breast cancer using a low-cost, widely available, and safe intervention.

Want to learn more?

- WAKE: WF-2401 STEPS-BC Introductory Webinar available on **CTSU-CLASS**.
- Dr. Greg Hundley scheduled to present at the **monthly NCI Administrator's meeting** 8/26/2026.
- A Simultaneous Informational Session will be held at the **WF NCORP RB Annual Meeting** on Day 1, please register if interested.
- Study team can meet with your site to discuss feasibility.

If interested, reach out to NCORP@wfusm.edu.

Note: cardiopulmonary exercise test (CPET) and cardiovascular magnetic resonance (CMR) should be accessible at participating sites.

(NEW!)WF-2502CD - STOP-VTE - Surgical Thromboprophylaxis Practice in Oncology Patients within the NCORP Network (STOP-VTE)

NEW AMENDMENT ACTIVATION

STOP-VTE (WF-2502CD) Amendment 2, Protocol Version Date 07/03/2026 has been activated.

The WF NCORP Research Base study entitled **Surgical Thromboprophylaxis Practice in Oncology Patients within the NCORP Network (STOP-VTE)** has been activated. The protocol and related documents were released on August 4, 2026.

The changes within this amendment must be implemented within 30 days of posting.

Changes with this amendment include:

1. Updated protocol EHR extraction language to replace de-identified language with limited dataset language including zip codes.
2. Clarified P1 Study Summary language in two questions; replaced “approach” with “identify.”
3. Updated Interview Guide section of the P2 Interview Guide document.
4. Updated protocol version date, protocol history table and required CTSU language.

We are no longer onboarding sites for this study. Please continue to remind participants who are currently enrolled in Step 0 to complete their surveys as soon as possible; we are targeting September 1st to close survey access. The study team will begin Part 2 of the study next month, see Section 7.0 of the protocol for additional information.

WF-2502CD Document Access:

- The protocol documents are available on the [CTSU](#) website.
- The *Helpful Guide* document is available on the [WAKENCORP](#) website.

If there are any questions regarding WF-2502CD, please contact NCORP@wfusm.edu; Attn: WF-2502CD.

2027 NCORP Landscape Assessment

The **Request for Questions (RFQ)** for the 2027 Landscape Assessment is now available. The deadline for submitting questions is **September 15, 2026**.

The purpose of the Landscape Assessment is to collect information about community site infrastructure and research capacity among NCORP clinics. The Landscape Assessment is **open to all NCORP affiliates and subaffiliates**.

Use this link to find the full RFQ as well as resources from the 2022 Landscape:
<https://wakencorp.phs.wakehealth.edu/studies/landscape/>

Please contact ncorp@wfusm.edu with any questions!

Wake Forest NCORP Research Base Clinical Trials Boot Camp - Call for Applications

Deadline: Friday, October 30, 2026, by 11:59pm EST

Monday, February 22 - Wednesday, February 24, 2027
Winston-Salem, NC at Graylyn Conference Center

Brief Overview and Eligibility:

The desired outcome of the 3-day in-person boot camp is a final study concept ready for development into a grant or full NCORP concept proposal to submit to the NCI Symptom Management/Quality of Life (SxQoL) or Cancer Care Delivery Research Steering Committee. Participating mentors have extensive experience developing NCI concepts and NIH (National Institutes of Health) grants for NCORP studies and will work with each participant to decide if additional pilot data may be needed to support the concept. If so, mentors will assist in developing a plan and budget for pilot activities.

Applicants must be Doctorally trained in any oncology specialty, including medical,

surgical, radiation, gynecologic, and pediatric oncology, or faculty from other departments conducting cancer clinical research. Senior fellows may also apply (letter of support from current faculty mentor for fellow applicants strongly encouraged).

The concept must focus on Cancer Control or Cancer Care Delivery Research; oncology treatment trials will not be responsive. Concepts proposing an interventional trial well-aligned with WF NCORP priorities that are feasible to open within the [NCORP community oncology](#) network are strongly encouraged. When appropriate, concepts are encouraged to include biological mechanisms or correlative science where appropriate.

For full details, please visit our

Website: <https://wakencorp.phs.wakehealth.edu/new-investigator-clinical-trials-bootcamp/>

Connect with us on Social Media!

Follow us on **LinkedIn** and **X** to stay informed on exciting new updates from the Wake Forest NCORP Research Base!

Wake Forest NCORP Research Base Website

Reminder: Additional resources, **which are not CIRB approved**, are maintained on our Wake Forest NCORP RB website and **are not available on CTSU**. Note, these resources include a **Helpful Guide** for each study, which provides guidelines for the study team, as well as other study instructions.

<https://wakencorp.phs.wakehealth.edu/>

Registering for an account will allow you to:

- Join site calls and other meetings from the Upcoming Events or Calendar sections
- Access study training materials
- View previous study meetings

- Download important study documents including training videos, study guides, and neurocognitive CRFs

Once registered, you must update your user profile to sign up for study-specific mailing lists and meeting announcements, indicate your NCORP Community site, add your user roles, and update your GCP for database access.

If you have any questions or need assistance with registration, please email NCORP@wfusm.edu.
