

STUDY MATTERS

September 25, 2026

Wake NCORP Website: <https://wakencorp.phs.wakehealth.edu/>

If you receive a notice from REDCap about your account expiring this is most likely due to an expiring GCP certification.

You can upload new certificates to our [website](#) or you can email them to NCORP@wfusm.edu.

2026 Wake Forest NCORP Research Base 13th Annual Meeting

October 12-14, 2026
Marriott Myrtle Beach Resort & Spa at Grande Dunes

Registration is Open!

LAST DAY for Meeting registration is **10/7/2026**

You must register for the meeting in order to receive the hotel reservation link.

(Once you register, you will be sent a confirmation email including the hotel link)

CLICK HERE to register!

Upcoming Site Calls & Office Hours

Use the links below to add the meeting invitation to your calendar. You can also join site calls from our [Wake NCORP website](#). Click the call in the "Upcoming Events" section on the Home page or through the Calendar. You must be a registered user to join from the website.

If you are having trouble joining a call or have any other issues please email NCORP@wfusm.edu

****Please note that your calendar may not update automatically if changes are made at a later date.**

WF-2401 - STEPS-BC - Supportive Tailored Exercise Program for Survivors of Breast Cancer

Office Hours

October 1, 2026 at 1 PM ET

Study Updates

(NEW!) 2027 NCORP Landscape Assessment

*****DEADLINE EXTENDED to October 30, 2026*****

The **Request for Questions (RFQ)** for the 2027 Landscape Assessment is now available. The deadline for submitting questions is **October 30, 2026**.

The purpose of the Landscape Assessment is to collect information about community site infrastructure and research capacity among NCORP clinics. The Landscape Assessment is **open to all NCORP affiliates and subaffiliates**.

Use this link to find the full RFQ as well as resources from the 2022 Landscape:
<https://wakencorp.phs.wakehealth.edu/studies/landscape/>

Please contact ncorp@wfusm.edu with any questions!

(NEW!) WF-2402CD - CORRECT - Collaborative Oncology between Radiologists and Radiation Oncologists for the Evaluation of Contoured Targets

Providers needed for Qualitative Interviews!

Separate from the main 4 site pilot study, we are looking for a total of **10 Radiologists and Radiation Oncologists across non-participating sites** who either treat or review pre-treatment radiation therapy targets for **lung and/or head and neck cancer** patients. We will ask them to complete a 30 minute virtual interview to provide further information for a future study. If interested, please reach out to NCORP@wfusm.edu and refer to study WF-2402CD CORRECT to receive next steps.

WF-2401 - STEPS-BC - Supportive Tailored Exercise Program for Survivors of Breast Cancer (STEPS-BC)

Looking for sites to join us!

The **Helpful Guide** has been updated to include more instructions for submitting Physical Function Assessment videos for certification purposes. The new version dated 09.08.2026 is available on the WF NCORP RB website on the study specific page.

Study Population: Stage I-III breast cancer patients (18-85 years old) scheduled to receive cytotoxic chemotherapy.

This study is the **first home-based** nationwide primary prevention clinical trial initiating activity and social interaction **prior to administration** of cancer treatment.

It is designed to **reduce exercise intolerance and fatigue** in survivors treated for breast cancer using a low-cost, widely available, and safe intervention.

Want to learn more?

- WAKE: WF-2401 STEPS-BC Introductory Webinar available on **CTSU-CLASS**.
- Dr. Greg Hundley presented at the **monthly NCI Administrator's meeting** 8/26/2026.
- A Simultaneous Informational Session will be held at the **WF NCORP RB Annual Meeting** on Day 1, please register if interested.
- Study team can meet with your site to discuss feasibility.

If interested, reach out to NCORP@wfusm.edu.

Note: cardiopulmonary exercise test (CPET) and cardiovascular magnetic resonance (CMR) should be accessible at participating sites.

WF-2502CD - STOP-VTE - Surgical Thromboprophylaxis Practice in Oncology Patients within the NCORP Network (STOP-VTE)

We are no longer onboarding sites for this study. Please continue to remind participants who are currently enrolled in Step 0 to complete their surveys as soon

as possible; we are targeting **September 30th** for all surveys to be completed.

Part 2 is in progress, and the first Interview Selection emails have been sent. See Section 7.0 of the protocol for additional information.

WF-2502CD Document Access:

- The protocol documents are available on the [CTSU](#) website.
- The *Helpful Guide* document is available on the [WAKENCORP](#) website.

If there are any questions regarding WF-2502CD, please contact NCORP@wfusm.edu; Attn: WF-2502CD.

Opportunities to Partner with us!

Wake Forest NCORP Research Base Clinical Trials Boot Camp - Call for Applications

Deadline: Friday, October 30, 2026, by 11:59pm EST

Monday, February 22 - Wednesday, February 24, 2027
Winston-Salem, NC at Graylyn Conference Center

Brief Overview and Eligibility:

The desired outcome of the 3-day in-person boot camp is a final study concept ready for development into a grant or full NCORP concept proposal to submit to the NCI Symptom Management/Quality of Life (SxQoL) or Cancer Care Delivery Research Steering Committee. Participating mentors have extensive experience developing NCI concepts and NIH (National Institutes of Health) grants for NCORP studies and will work with each participant to decide if additional pilot data may be needed to support the concept. If so, mentors will assist in developing a plan and budget for pilot activities.

Applicants must be Doctorally trained in any oncology specialty, including medical, surgical, radiation, gynecologic, and pediatric oncology, or faculty from other departments conducting cancer clinical research. Senior fellows may also apply (letter of support from current faculty mentor for fellow applicants strongly encouraged).

The concept must focus on Cancer Control or Cancer Care Delivery Research; oncology treatment trials will not be responsive. Concepts proposing an interventional trial well-aligned with WF NCORP priorities that are feasible to open within the [NCORP community oncology](#) network are strongly encouraged. When appropriate, concepts are encouraged to include biological mechanisms or correlative science where appropriate.

For full details, please visit our

Website: <https://wakencorp.phs.wakehealth.edu/new-investigator-clinical-trials-bootcamp/>

APPLICATION FOR NEW COMMITTEE MEMBERS

The Wake Forest NCORP Research Base is soliciting applications for NCORP Community Site representatives for the Cancer Control, Cancer Care Delivery Research (CCDR) Scientific Committees and the Community Engagement Core Committee.

Community site representation on all committees has been expanded. Responsibilities for members will include:

- Attend committee meetings (monthly for the scientific committees and quarterly for the Community Engagement Core)

- Provide feedback about studies early and throughout the study lifecycle to improve feasibility and alignment of studies with community site priorities and provide feedback on implementation challenges
- Provide scientific and feasibility review of new concepts/protocols
- Oversee active studies, including accrual progress
- Periodically review and make recommendations about committee priorities and activities
- Act as a liaison between NCORP community sites/investigators and the Wake Forest NCORP Research Base

We are looking for committee members who bring their expertise within NCORP (PIs or scientific leaders, CRAs, research nursing, and Administrators), their scientific background and populations with whom they engage. Interested individuals should apply using the REDCap link below. The application will include a brief statement (5-10 sentences) on your prior involvement with the Wake Forest NCORP Research Base, experience with cancer control, cancer care delivery research, and/or community engagement research. You will also be asked to upload a CV or biosketch. The initial committee term will be 2 years. **The due date to apply is October 30, 2026.** Selection of committee members will take place in November and committees will begin meetings in January 2027.

Connect with us on Social Media!

Follow us on **LinkedIn** and **X** to stay informed on exciting new updates from the Wake Forest NCORP Research Base!

Wake Forest NCORP Research Base Website

Reminder: Additional resources, **which are not CIRB approved,**

are maintained on our Wake Forest NCORP RB website and **are not available on CTSU**. Note, these resources include a ***Helpful Guide*** for each study, which provides guidelines for the study team, as well as other study instructions.

<https://wakencorp.phs.wakehealth.edu/>

Registering for an account will allow you to:

- Join site calls and other meetings from the Upcoming Events or Calendar sections
- Access study training materials
- View previous study meetings
- Download important study documents including training videos, study guides, and neurocognitive CRFs

Once registered, you must update your user profile to sign up for study-specific mailing lists and meeting announcements, indicate your NCORP Community site, add your user roles, and update your GCP for database access.

If you have any questions or need assistance with registration, please email NCORP@wfusm.edu.
