

STUDY MATTERS

October 8, 2026

Wake NCORP Website: <https://wakencorp.phs.wakehealth.edu/>

If you receive a notice from REDCap about your account expiring this is most likely due to an expiring GCP certification.

You can upload new certificates to our [website](#) or you can email them to NCORP@wfusm.edu.

Upcoming Site Calls & Office Hours

Use the links below to add the meeting invitation to your calendar. You can also join site calls from our [Wake NCORP website](#). Click the call in the "Upcoming Events" section on the Home page or through the Calendar. You must be a registered user to join from the website.

If you are having trouble joining a call or have any other issues please email NCORP@wfusm.edu

****Please note that your calendar may not update automatically if changes are made at a later date.**

WF-2401 - STEPS-BC - Supportive Tailored Exercise Program for Survivors of Breast Cancer

Office hours

October 15, 2026 at 1 PM ET

[Click here to add the STEPS-BC Office Hours to your calendar](#)

WF-2502CD - STOP-VTE - Surgical Thromboprophylaxis Practices in Oncology Patients within the NCORP Network

Site Call - ~~SERIES CANCELLED~~

October 28, 2026 at 2:30 PM ET

We will be cancelling these site calls and Part 3 sites will be offered Office Hours for questions. We appreciate everyone's efforts and participation in Part 1!

Study Updates

(NEW!)WF-2303CD - HRSN - Understanding and Enhancing Health-related Social Needs (HRSN) Screening Among Community Oncology Practices

Amendment 5 ACTIVATION

HRSN (WF-2303CD) Amendment 5, Protocol Version Date 08/14/2026 has been activated.

The WF NCORP Research Base study entitled **Understanding and Enhancing Health-related Social Needs (HRSN) Screening Among Community Oncology Practices** has been activated. The protocol and related documents were released on September 29, 2026.

Note: WF-2303CD is not open to onboarding new sites. This update pertains to those sites who are currently active.

The changes and documents within this amendment must be implemented within 30 days of this posting.

Changes with this amendment include:

1. Created two NEW documents to be used during the Part 3 co-design sessions.
2. Updated protocol cover page, protocol version date/protocol history table, CTSU language, replaced “Minority Underserved” with “Academic Community” site and updated NCORP email address on funding sheet.

WF-2303CD Document Access:

- The protocol documents are available on the [CTSU](#) website.

Regulatory requirements to activate this study can be found in the protocol on the CTSU website.

If there are any questions regarding the WF-2303CD, please contact NCORP@wfusm.edu; Attn: WF-2303CD.

(NEW!)WF2302-A172401 -COSMIC-Complementary Options for Symptom Management In Cancer (COSMIC): Assessing Benefits and Harms of Cannabis and Cannabinoid Use Among a Cohort of Cancer Patients Treated in Community Oncology Clinics

COSMIC/PAGODA Co-Enrollment Clarification

Following further review, the COSMIC team has confirmed that **co-enrollment on COSMIC and PAGODA (A232402CD) is permitted**. Previous guidance may have indicated otherwise based on an earlier interpretation of PAGODA; however, the current guidance allows participation in both studies, provided all eligibility requirements are met. We appreciate your understanding and apologize for any confusion caused by prior communications.

Please contact NCORP@wfusm.edu for other questions.

(NEW!)WF-2401 - STEPS-BC - Supportive Tailored Exercise Program for Survivors of Breast Cancer (STEPS-BC)

Funding Sheet Update

The **WF-2401 Funding Sheet** has been updated to correct the total potential funding amounts. The new version dated 08.06.26 was posted to CTSU on 09/30/2026. If you have questions or concerns, please reach out with an email to NCORP@wfusm.edu.

2027 NCORP Landscape Assessment

*****DEADLINE EXTENDED to October 30, 2026******

The **Request for Questions (RFQ)** for the 2027 Landscape Assessment is now available. The deadline for submitting questions is **October 30, 2026**.

The purpose of the Landscape Assessment is to collect information about community site infrastructure and research capacity among NCORP clinics. The Landscape Assessment is **open to all NCORP affiliates and subaffiliates**.

Use this link to find the full RFQ as well as resources from the 2022 Landscape:
<https://wakencorp.phs.wakehealth.edu/studies/landscape/>

Please contact ncorp@wfusm.edu with any questions!

WF-2402CD - CORRECT - Collaborative Oncology between Radiologists and Radiation Oncologists for the Evaluation of Contoured Targets

Providers still needed for Qualitative Interviews!

Separate from the main 4 site pilot study, we are looking for a total of **10 Radiologists and Radiation Oncologists across non-participating sites** who either treat or review pre-treatment radiation therapy targets for **lung and/or head and neck cancer** patients. We will ask them to complete a 30 minute virtual interview to provide further information for a future study. If interested, please reach out to NCORP@wfusm.edu and refer to study WF-2402CD CORRECT to receive next steps.

Opportunities to Partner with us!

Wake Forest NCORP Research Base Clinical Trials Boot Camp - Call for Applications

Deadline: Friday, October 30, 2026, by 11:59pm EST

Monday, February 22 - Wednesday, February 24, 2027
Winston-Salem, NC at Graylyn Conference Center

Brief Overview and Eligibility:

The desired outcome of the 3-day in-person boot camp is a final study concept ready for development into a grant or full NCORP concept proposal to submit to the NCI Symptom Management/Quality of Life (SxQoL) or Cancer Care Delivery Research Steering Committee. Participating mentors have extensive experience developing NCI concepts and NIH (National Institutes of Health) grants for NCORP studies and will work with each participant to decide if additional pilot data may be needed to support the concept. If so, mentors will assist in developing a plan and budget for pilot activities.

Applicants must be Doctorally trained in any oncology specialty, including medical, surgical, radiation, gynecologic, and pediatric oncology, or faculty from other departments conducting cancer clinical research. Senior fellows may also apply (letter of support from current faculty mentor for fellow applicants strongly encouraged).

The concept must focus on Cancer Control or Cancer Care Delivery Research; oncology treatment trials will not be responsive. Concepts proposing an interventional trial well-aligned with WF NCORP priorities that are feasible to open within the [NCORP community oncology](#) network are strongly encouraged. When appropriate, concepts are encouraged to include

biological mechanisms or correlative science where appropriate.

For full details, please visit our

Website: <https://wakencorp.phs.wakehealth.edu/new-investigator-clinical-trials-bootcamp/>

APPLICATION FOR NEW COMMITTEE MEMBERS

The Wake Forest NCORP Research Base is soliciting applications for NCORP Community Site representatives for the Cancer Control, Cancer Care Delivery Research (CCDR) Scientific Committees and the Community Engagement Core Committee.

Community site representation on all committees has been expanded. Responsibilities for members will include:

- Attend committee meetings (monthly for the scientific committees and quarterly for the Community Engagement Core)
- Provide feedback about studies early and throughout the study lifecycle to improve feasibility and alignment of studies with community site priorities and provide feedback on implementation challenges
- Provide scientific and feasibility review of new concepts/protocols
- Oversee active studies, including accrual progress
- Periodically review and make recommendations about committee priorities and activities
- Act as a liaison between NCORP community sites/investigators and the Wake Forest NCORP Research Base

We are looking for committee members who bring their expertise within NCORP (PIs or scientific leaders, CRAs, research nursing, and Administrators), their scientific background and populations with whom they engage. Interested

individuals should apply using the REDCap link below. The application will include a brief statement (5-10 sentences) on your prior involvement with the Wake Forest NCORP Research Base, experience with cancer control, cancer care delivery research, and/or community engagement research. You will also be asked to upload a CV or biosketch. The initial committee term will be 2 years. **The due date to apply is October 30, 2026.** Selection of committee members will take place in November and committees will begin meetings in January 2027.

CLICK HERE to submit your application

Follow us on **LinkedIn** and **X** to stay informed on exciting new updates from the Wake Forest NCORP Research Base!

Wake Forest NCORP Research Base Website

Reminder: Additional resources, **which are not CIRB approved**, are maintained on our Wake Forest NCORP RB website and **are not available on CTSU**. Note, these resources include a **Helpful Guide** for each study, which provides guidelines for the study team, as well as other study instructions.

<https://wakencorp.phs.wakehealth.edu/>

Registering for an account will allow you to:

- Join site calls and other meetings from the Upcoming Events or Calendar sections
- Access study training materials
- View previous study meetings
- Download important study documents including training videos, study guides, and neurocognitive CRFs

Once registered, you must update your user profile to sign up for study-specific mailing lists and meeting announcements, indicate your NCORP Community site, add your user roles, and update your GCP for database access.

If you have any questions or need assistance with registration, please email NCORP@wfusm.edu.
